

Get the mobile app that lets you control debit card usage and spending on the go

Control Spending

If you're trying to establish or stick to a budget, CardValet® can help. Set spending limits for general use or specify thresholds by merchant types, such as gas, groceries or retail stores.

You can also establish these controls by location. The flexible app lets you change these parameters anytime with ease via your mobile device. Going on vacation? Holiday shopping? Simply update your transaction controls to fit your spending needs.

Fe ec

A lost or stolen card is just one area of concern in

other attacks are an unfortunate reality. Turning

no withdrawals or purchases will be approved. Transaction controls that allow your debit card to work only in specific locations or geographic areas, add another layer of protection. And real-time alerts keep you informed when your card is used or declined.

d

CardValet is a great tool for controlling business spending on a debit card. Use the transaction controls for merchant codes, location and thresholds to ensure employee spending adheres to your company policies.
